In the DXL Reference Manual, there is a section "OLE Objects > Picture object support" which lists all the DXL functions for handling pictures, plus some example code.

<http://cloudbings.com/questions/5607978/insert-ole-object-using-dxl-script-automatically>

DXL coding is like coding in any other type of language, unlike many languages, is that it only has a reference guide, and not a full API manual.
